About Us

Aksara Exports

At Aksara Exports (PT Aksara Tumbuh Global), we are committed to delivering the richness of Indonesia to the world. From the lush coffee plantations of Sumatra and Java to the finest cloves of Maluku, and from eco-friendly wooden & rattan handicrafts to essential commodities like coconut, areca nut, palm sugar, and palm & coconut sticks, we bring authentic, sustainable, and export-quality products directly from local farmers and artisans.

With a strong commitment to quality, sustainability, and ethical sourcing, we ensure every shipment meets international standards. Our mission is simple: to connect the world with the best of Indonesia's natural and cultural heritage.

Vision & Mission

Vision

To become the world's leading exporter of premium Indonesian agricultural products and handicrafts, recognized for quality, sustainability, and cultural authenticity.

Mission

1. To promote Indonesia's finest coffee, cloves, and handicrafts in global markets.
2. To support local farmers and artisans through fair trade practices.
3. To ensure consistent product quality with sustainable and ethical sourcing.
4. To build long-term partnerships based on trust, transparency, and excellence.

Our Premium Product

1

2

3

4

Coffee Beans

Sourced from the highlands of Aceh and Sumatra, our Indonesian Arabica coffee beans are prized for their smooth body, rich aroma, and unique flavor notes.

Wooden & Rattan Handicrafts

Our artisans create handmade wooden and rattan products that blend tradition and modern design.

Cloves

We supply premium dried cloves with high oil content, ideal for the spice, food, and tobacco industries.

Coconut Derivatives

We supply a wide range of Indonesian coconut products including coconut shells, coconut husks, copra, desiccated coconut, and coconut charcoal.

Our Premium Product

Areca Nut / Betel Nut

Our Indonesian areca nut (betel nut/pinang) is hand-picked, dried, and processed to meet international export quality.

Palm Sugar

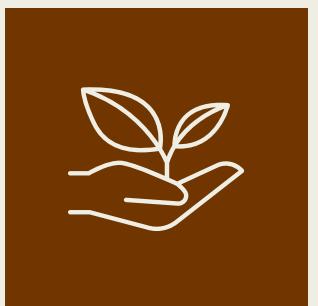

We provide organic palm sugar (gula aren) made from the sap of Indonesian palm trees.

Palm & Coconut Broomsticks

We export high-quality palm and coconut broomsticks (lidi sawit & lidi kelapa) that are durable, natural, and eco-friendly.

Why Choose Us?

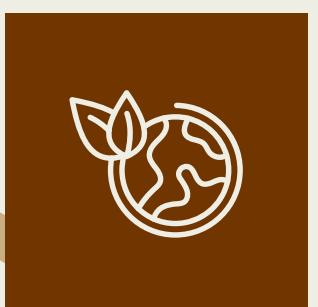

Direct from the Source

We work closely with farmers and artisans in Indonesia to ensure authentic, high-quality products.

Strict Quality Control

Every batch of coffee, cloves, and handicrafts meets international export standards.

Sustainable & Ethical Practices

We prioritize eco-friendly production and fair trade partnerships.
